Project Design Phase-II Data Flow Diagram & User Stories

Date	02 November 2022
Team ID	PNT2022TMID31063
Project Name	Classification of Arrhythmia by Using Deep Learning with 2-D ECG Spectral Image Representation
Maximum Marks	4 Marks

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

User Stories

Use the below template to list all the user stories for the product.

User Type	Functional Requirement	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
(E	(Epic)	(Epic)				
Patient/Doctor	Web interface	USN-1	As a user, I can access the web interface	I can login to my account	High	Sprint-1
(Web User)						
Patient/Doctor	Dashboard	USN-2	As a user, I can access the	I can view the homepage	High	Sprint-1
(Web User)			dashboard/homepage			
Patient/Doctor	Types of	USN-3	As a user, I can view various articles about	I can view the articles	Low	Sprint-1
(Web User)	Arrhythmia		different kinds of Arrhythmia			
Patient/Doctor	Page Navigation	USN-4	As a user, I can access several tabs and	I can view different pages	Medium	Sprint-2
(Web User)			pages on the interface	and navigate		
Patient/Doctor	Info and About	USN-5	As a user, I can see the info and about page	I can view the info and	Medium	Sprint-2
(Web User)	Page		for the web interface	about page		
Patient/Doctor	Page to send	USN-6	As a user, I can see an option to upload input	I can view the input page	High	Sprint-3
(Web User)	input		image of ECG			
Patient/Doctor	Prediction result	USN-7	As a user, I can see the predicted result for	I can view the prediction	High	Sprint-3
(Web User)	page		the given ECG image			
Patient/Doctor	Type of	USN-8	As a user, I can see the type of Arrhythmia	I can view the type of	High	Sprint-3
(Web User)	Arrhythmia			Arrhythmia page		
Patient/Doctor	Side-effects page	USN-9	As a user, I can see the various side effects of	I can view the side effects	Low	Sprint-4
(Web User)			the predicted Arrhythmia	page		
Patient/Doctor	Type of CVD	USN-10	As a user, I can see the predicted type of	I can view the type of CVD	High	Sprint-4
(Web User)	page		CVD based on predicted arrhythmia	page	~	'
